WATERSIDE RESPONDER SCHEME

HELP PROTECT YOUR COMMUNITY

The Waterside Responder scheme has been devised to provide specialist training to hospitality staff, security staff and waterside community members to help prevent drowning around rivers and waterways across the UK and Ireland.

NORTHAMPTONSHIRE FIRE & RESCUE SERVICE

Delivered locally in partnership between Northamptonshire Fire & Rescue Service and the RNLI you can help save lives and provide a 'first response' to someone who finds themselves in the water.

Lifeboats

Training is free and can be delivered at your venue, we usually require around 3 hours of your time, the training covers important topics such as:

- Provide safety advice to people using waterside areas
- Understand the risks of the waterside near your venue
- Using a throwline to help rescue someone from water
- How to help Emergency Services respond to a person in the water

If your venue or community is near the water in Northamptonshire and you would like to learn how to keep people safe and potentially save a life please feel free to contact us.
