Dear

Re: Request for information (our ref: NFRS2019-53-55)

I am writing in response to your request for information under the Freedom of Information Act 2000, received 11 July 2019. Our response is provided below:

Q1 I am trying to find out about firefighter staffing in European cities. I would like to obtain this data for a report I am writing, in which I mention firefighter staffing for a city of 230,000 inhabitants, which I would like to roughly put into proportion comparing to European cities of a comparable size. In the UK, this would include Northampton.

Specifically I am interested in how many firefighters there are available in Northampton at any given time (as a first response, without back-up personnel).

Northamptonshire Fire and Rescue Service (NFRS) has three dedicated stations in Northampton. There are three wholetime appliances with a minimum crew of 4 on each with one on-call section that when available, also has a minimum crew of 4.

If I can be of any further assistance please do not hesitate to contact me quoting reference NFRS2019-53-55.

Yours sincerely

Service Information Team Leader
