Re: Request for information (our ref: NFRS2020-242-281)

I am writing in response to your request for information under the Freedom of Information Act 2000, received 30 October 2020. Our response is provided below:

Q1 Please provide the following information with regards to the Repairs and Maintenance contract in place at your establishment.

The details we require are:

- *Suppliers who applied for inclusion and were successful and not successful at the PQQ & ITT stages**
- *Copy of the successful suppliers ITT submission*
- *Contract values of each contract year to date*
- *Start date and duration of contract*
- *Scope of services provided under current contract*
- *Is there an extension clause in the contract(s) and if so, what is the duration of the extension?*
- *Has a decision been made yet on whether the contract(s) are being either extended or renewed?*
- *Who is the senior officer (outside of procurement) responsible for this contract?*

**For clarity, the details of the successful and unsuccessful suppliers are kept in the strictest confidence. These details are used only to contact and support suppliers regarding their bidding activity for the relevant contracts.*

Further to the questions asked, on 01 January 2019 Northamptonshire Fire and Rescue Service (NFRS) transferred Governance to the Northamptonshire Office of the Police, Fire and Crime Commissioner (OPFCC). As such there is a strategy to combine an Enabling Services provision for Northamptonshire Police and NFRS. All repair and maintenance service contracts were bought in line with Police provision as a single tender waiver to align the contracts and allow them going forward to be undertaken as one procurement for both services.
