Re: Request for information (our ref: NFRS2021-05-06)

I am writing in response to your request for information under the Freedom of Information Act 2000, received 13 January 2021. Our response is provided below:

Q1 Please provide the following information in relation to flooding incidents between November 2019 and March 2020:

- *Date and location of flooding*
- *Source of flooding*
- *Depth of flooding*
- *Cost of attending incidents*
- *Number of assets damaged by flooding and associated damage/repair/replacement costs*

Please refer to the attached Excel spreadsheet titled NFRS2021-05-06Data for dates, locations and sources of flooding incidents attended by Northamptonshire Fire and Rescue Service (NFRS) during the period requested.

NFRS do not record the depth of flooding incidents or the number of assets damaged by flooding and associated damage/repair/replacement costs.

NFRS also do not record the cost of attending these incidents. It is not possible to provide a figure as there are too many variable factors to take into account. Costs are dependent on the resources mobilised to each incident, the number of personnel who attend the incident, role of personnel, location of the incident, the appliances required etc.

Our special service charges are published on our website: www.northantsfire.gov.uk > About us > Publication of information > Who we are and what we do > Special/Chargeable Services > [Chargeable Services 2020-21](#). This will give an indication of standard fire appliance hire/use costs.
