The Equality Act 2010 places a 'General Duty' on all public bodies to have 'Due regard' to:

- Eliminating discrimination, harassment and victimisation
- Advancing equality of opportunity
- Fostering good relations

We do this by undertaking EqIAs to help us understand the implications of policies and decisions on people with protected characteristics – EqIAs are our way of evidencing this.

All assessments must be published on our intranet / internet (where public related). All papers where an EqIA is relevant **MUST** include a link to the web page where this assessment will be published. If you require assistance in getting your EqIA published, please contact enquiries@northantsfire.gov.uk

Part 1

Description of current provision/policy and main beneficiaries/stakeholders

procedure containing key roles and responsibilities and process in order to meet the health and safety policy statement. This also links to other SOPs and policies which makes up the safety management system documentation. Control of Substances Hazardous to Health (COSHH) is managed in conjunction with operational procedures and NFRS procedures.

Description of proposal under consideration/development

The procedure outlines the ways the organisation manages Control of Substances Hazardous to Health (COSHH)
