

Safety in the home

DOs

DONTs

Below is a list of different activities that can either be a way to keep you safe or a way a fire could be started.

Sort them into the correct boxes below!

- Testing your fire alarms once a week (Test it Tuesday!)
- Overloading plug sockets
- Burning candles and leaving the room
- Leaving fairy lights on over-night
- Having cluttered doorways and hallways
- Remind grown ups to turn off all plugs not being used before bed
- Knowing all the ways out of the home
- Having a smoke alarm on every floor of the house
- Remind grown ups to put out cigarettes or candles properly
- Keeping all doors open at night

Keeping you safe	Fire hazards
Testing your fire alarms once a week (Test it Tuesday!)	Overloading plug sockets
Remind grown ups to turn off all plugs not being used before bed	Burning candles and leaving the room
Knowing all the ways out of the home	Leaving fairy lights on overnight
Having a smoke alarm on every floor of the house	Having cluttered doorways and hallways
Remind grown ups to put out cigarettes or candles properly	Keeping all doors open at night

Safety in the home

Follow this advice to keep safe.

Match the object to the advice that you should follow when using or near this object.

Candle	Always blow it out before you leave the room
Microwave	Never put metal in it
Matches/lighter	Don't touch! Make sure a grown up puts them in a safe place
Fireplace	Don't stand too close in case your clothes catch fire
Hairdryer	Don't use it near a sink or the bath. Always make sure you switch it off before you leave the room
Phones/devices	Keep on a hard surface when charging and away from bedding. Never leave this under your pillow
Oven	Don't interrupt your parents or carers when they are cooking as they need to concentrate on what they are doing
Kettle	Don't hold the mug as you pour the water and always make sure there is water in before you switch it on
Toaster	Never stick a fork or knife in if your food is stuck
Lamp	Make sure blankets or clothing don't cover it
Chargers	Remember to unplug this even when it isn't in use. Just because there is no device attached doesn't mean it's safe to leave it

Fighting Fires

Can you find the ten words below related to fighting fires?

K	F	I	R	E	F	I	G	H	T	E	R	U	V	O

Fighting Fires

My name is Kate and I'm a firefighter.

Can you help me to complete the crossword?

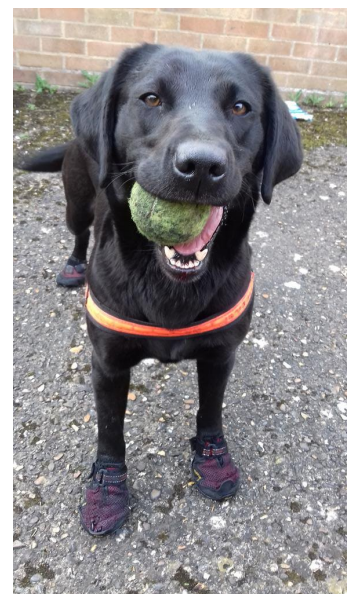

Across

3. Where are fire engines kept when there is not an emergency?
5. What gas makes a fire burn?
6. What does a firefighter wear to protect their head?
10. When there is a fire, what makes a lot of noise in your house?
12. What breed of dog is Marshall in Paw Patrol?

Down

1. Where do most fires in the house start?
2. What are used to alert drivers that a fire engine needs to get passed?
4. What 3 things should you do if your clothes catch fire?
7. What do firefighters need to connect their hose to to get water?
8. What do firefighters use to put out a fire?
9. Smoke alarm batteries should be checked once a _____
11. In 1666 there was a great fire in which city?

This is firedog Willow.
She's been helping our firefighters for years.

What to do if there's a fire

IF THERE IS A FIRE IN YOUR HOUSE YOU MUST GET OUT AS QUICK AS YOU CAN. LEAVE BEHIND YOUR TOYS AND STAY LOW TO THE GROUND IF THERE IS SMOKE. CALL 999 WHEN YOU ARE OUTSIDE.

It's really important that you know what to do if there is ever a fire in your house.

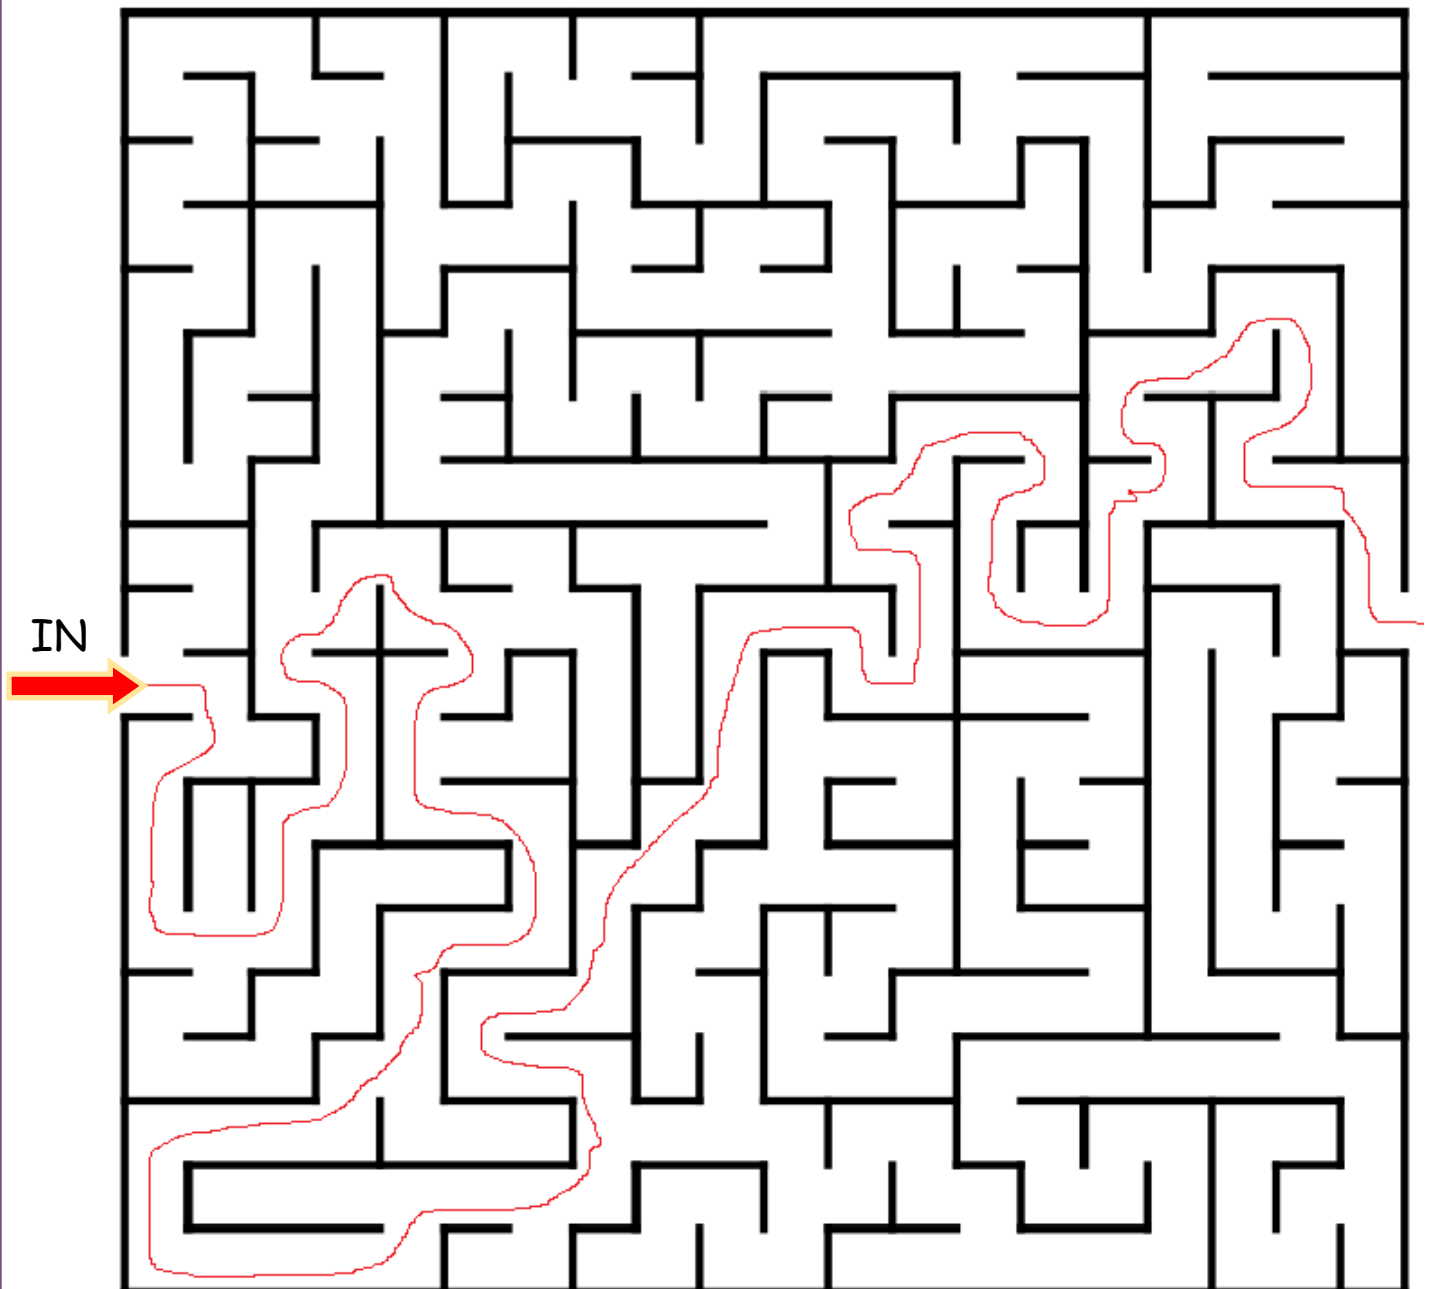

Top Tip!

Ask a grown up to check that the smoke alarms are working at least once a week.

Never remove the batteries from a smoke alarm!

Being a firefighter

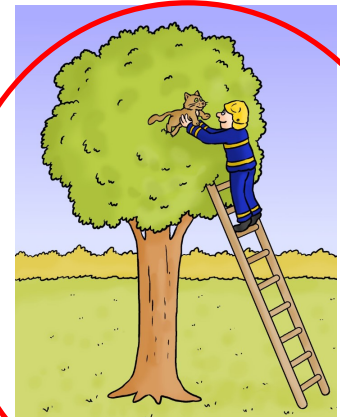

Can you circle all the things we do to help keep the public safe?

Water rescue

Drive an ambulance

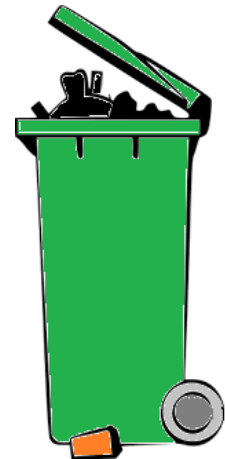

Rescue animals

Arrest criminals

Put out fires

Collect rubbish bins and recycling

Give first aid to people

Visit homes to check that they are safe

Clean up chemical spills
