## Northamptonshire Fire and Rescue Service

The table below shows our monthly performance for January 2024 compared to the previous two years.

Category	2022	2023	2024	
Fires	103	106	139	↑
Primary fires	63	71	71	↔
Secondary fires	34	30	64	↑
Accidental dwelling fires	27	34	22	↓
Road Traffic Collisions	38	38	45	↑
False alarms	152	164	167	↑

- Primary fires are more serious fires that harm people or cause damage to property
- Secondary fires are smaller outdoor fires where people or property is not involved
- Accidental dwelling fires are fires where the motive for the fire was presumed to be either accidental or not known and occur in properties that are a place of residence i.e. places occupied by households such as houses and flats, excluding hotels/hostels and residential institutions. Dwellings also includes nonpermanent structures used solely as a dwelling, such as houseboats and caravans.
- Road Traffic Collisions are car accidents or car crash, which occurs when a vehicle collides with another vehicle, pedestrian, animal, road debris, or other stationary obstruction, such as a tree, pole or building
- False alarms are incidents where the Fire and Rescue Service attends a location believing there to be an incident, but on arrival, discovers that no such incident exists or existed .
